Customer Reviews

Burton Jay Nadler is an Assistant Dean at the University of Rochester and Director of the Career Center. He is the author of *The Everything Resume Book, 2nd Edition* and *The Adams College Admissions Essay Handbook*. For more than twenty years, he has shared how to best use words on resumes and cover letters, during interviews, and through graduate and undergraduate admissions essays. Justin Nadler is a member of the Pittsford Mendon (New York) High School Class of 2005.

His academic strengths include history, sports marketing, art, and Spanish. Jordan Nadler is a member of Cornell University's Class of 2005. At Cornell, she is a Near Eastern Studies and Government dual major. Jordan coauthored The Adams College Admissions Essay Handbook, sharing with her peers many of lessons she learned as a college applicant and admissions essay writer.

This is one of the best books for my ESL middle schooler. As an ESL student until the sixth grade, my tutee had a Spanish speaking teacher and assistant. As result, his Spanish is very good;; however, his English oral and written skills are not up to par. He is woefully behind in his receptive and expressive abilities to speak and write English. During this summer break, his homework is to study English as he is very good in math and artistic matters. He gets along with others and due to his quiet personality, he is not very conversational. I hope that this book will engage him and pump up his confidence and self esteem. This book is not very helpful for an ESL student, but also an English speaking student readying his/her self for the ACT or SAT.

A friend of mine from Morocco seemed sad that his English skills weren't quite good enough. I tried to bolster his self-esteem. "After all, you speak fluent French and Arabic. And your English is a bonus." I gave him this book so he could dig a little bit deeper into the English language. Then he showed it to his two teen-age daughters. He says the whole family loves the book. That's good enough for me. I gave the book 4 stars.

A great book, very user friendly. The definition is very precise, and the examples too. This book works like a mini dictionary. But what makes this book so great is that, a definition is not just presented like so many other word books or lists, but is told in a more user friendly tone, that helps the reader to gain a more insight into how the words should be preceived and used in certain situations. A great asset to anyone that wants a better understanding at the use of the words.

I gave this book to a new High School Freshman. The student began using it immediately. She told me she loves incorporating new words into her school work. As for me, I am to old to recall if I knew most of these words by the time I was thirteen, fourteen. What I do know is that I enjoy reference books, my thesaurus and the exceptional 12" hardbound dictionary that my father gave me to this day!

I bought this book for my 12-year-old son as some "bridge" learning for summer vacation. The "high school" part of the title intrigued him from the start. He enjoys the succinct definitions and relevant, humorous examples of useage. Over the summer he has picked up nearly 200 words and is eager to continue.

Great idea book to offer teens and young adults as they prepare for college. This books offers a definition along with a sentence for each definition.

Good to start my vocabulary work with it.

My students like picking words from the book--the definitions and sentences make sense:)
