Customer Reviews

In this story, fans of Montague and Strong get some answers to key questions about the dynamic duo.1) So how DID Simon and Monty meet? We get to see that, and it wasn't love at first sight, or

second sight either.2) Why DID Kali curse Simon?3) How did Simon get that mark on his hand?Not every question is answered and a few more pop up. But that's how it is with these two.To really enjoy this, make sure to read at least the first book in the series. And then you'll want to read the second book and start looking for the next installment.

Having read the previous two books and loved them, I had to grab this one.This is a short prequel story, which gives a rollicking good explanation of how Monty and Strong first meet and how Simon becomes cursed by Kali. It is fast-paced, well written and full of Simon's trademark smartassery. For those who love Monty and Strong this is a must have!

This introduction to Montague the mage and Simon was an interesting, fun romp. They have to save kidnapped children against a very high-powered being. Can they even get along, though? I found it a refreshing read, with joking moments that only helped the story move along and the characters to be personalized, and finished it the day that I bought it. Now I have to read book two.

A short story to get the ball rolling I was pleasantly surprised at the synopsis of this book - enough that I went out and bought and consumed the rest of the series that is available. I was not disappointed!! Sadly there is only two books after this one and they are good. I will be waiting for the next installment.

I don't read a lot of short stories, but as a fan of the Montague & Strong series, I obviously couldn't pass this one up. This fun and fast paced story explain how the two come to meet and work on their first case together. A must read from the M&S universe.

This was so much fun to read. Montague and Strong are both intrepid, strong, stubborn, sarcastic, and so much more. Their introduction to each other was fascinating . . . the way a train wreck is fascinating. You know it's going to happen, you know it's going to be violent, you know there's going to be consequence, but at the same time you can't help but get a thrill down deep inside while you can't help but watch. Definitely recommended!

Now I know how Monty and Simon "got together". You definitely need to find out for yourself! Exciting, enticing, and engaging, this exceptional duo will entrance and entertain you endlessly!

But not all. Good short story but I think Mr. Sanchez could have given us the back story to the vampire connection too. Great but way too short for the price.
