## Synopsis

In this live recording Iyanla Vanzant explores our life long search for love. She advises us that love is the only thing we truly need to accomplish anything. If we fill our life with love, there is nothing that will stand in our way. When we're not loving, we are fearing. Where there is fear and anger, there is no room for love. We must get out of fear and into love. Iyanla challenges us to love ourselves, our families, our relationships, our lives, our communities, our world. There are no yesterdays or tomorrows. The time to love is now.

Vanzant delivers sensible advice in a no-nonsense, this-is-good-for-you style. The tapes were recorded at monthly workshops she presented at the Apollo Theatre and the Aaron Davis Hall in New York City. Those in the audience were primarily African American women, but her recommendations apply to anyone who needs a boost in self-esteem and encouragement. "Faith is preparation that you'll have skills for what you get when you get there," she says, adding that "faith" is an acronym for "Feel As If the Thing Has Happened." Having commitment may mean you have to "break with" in order to "break through." If you're not doing what is important in your life, then what are you doing? "Now is the seed from which later will grow. Be in the moment, not focused on the past." Vanzant is not only a popular "spiritual counselor," she is also no dummy when it comes to self-promotion. Iyanla Vanzant is the award-winning and bestselling author of Acts of Faith, The Value in the Valley, Faith in the Valley, In the Meantime, One Day My Soul Just Opened Up and Yesterday, I Cried. As an empowerment specialist, Spiritual Life Counselor, and ordained minister, she lectures and facilitates workshops nationally with a mission to assist in the empowerment of women and men everywhere.

The music is upbeat and Iyanla's message is uplifting but it was too short and wish that she spoke more on the problems of commitment and how you can work on learning to commit.

as a gift to my colleague, It cuts slices as thick or as thin as I want with no crumbs-a nice clean cut. I am completely satisfied with it and am happy to have a slot in my product block that it just fits in. love it . i receive it very fast. helpful.

If you know me, you know that I am a HUGE Iyanla fan. I have read just about everything she has written, been to seminars, etc... You also know that I simply tell it like it is. So here is the 411 on the Commitment Lesson: It was good, I was faced with some truths that I was not ready for just yet, but I am all the better to learn about me now than later. I really have a hard time commiting to things so I was particularly interesting in what she had to say about it. However, I was doing stuff around the house and trying to listen to it, and that DOES NOT WORK. This is one that you have to listen to over and over to make sure you have a grasp of what she is trying to get across. If you don't want to be faced with the truth and the reality, now may not be a good time for you to get this, but if you are tired of wondering why you have a hard time committing to something (not just relationships) the time has come for you to purchase this tape. Maybe you do not have a problem commiting but I am sure the people at work do! One Luv...and so it is.

I am reviewing this CD. I love her and all her CD's, Books, etc., but this one I returned. I had also brought her tape of "Relationship with Money", which I love. It's very spirtual. This tape on love, to me, was the same message. In other words it was a repeat of info., just on a different matter. If I had not gotten the tape on money, I would have loved this CD also. She is good and uplifting and tells it like it is if you want to hear it. Some of my friends that are into denial, don't want to hear her. She came up from the bottom of the pile showing if you want a good life and happiness, you need to work for it and earn it, with the help of God. She's great.

I bought the CD based on my past experience with Iyanla's books and CD's and it was well worth the money. The CD is perfect for couples, singles, and a girlfriend get together. Not only was the CD thought provoking, but it has personally assisted me in my relationships as well. You are guaranteed to laugh, cry, change or all the above.
