Paul Parker is the author of Formula 1 in Camera, 1950-59, Formula 1 in Camera, 1960-69 (Volumes 1 and 2) and Formula 1 in Camera, 1970-79 (Volumes 1 and 2), along with sister titles covering sports car racing in the 1950s, '60s and '70s. He is a freelance writer and superb photo researcher, with work published in Octane, Motor Sport, Classic Cars, Forza!, Jaguar World Monthly and The Daily Telegraph.

I've bought all of Paul Parker's Sport Car Racing in Camera and was excited to see a second volume being published for the 1960-69 era. The first book (1960-69) is 100% in color whereas this second (higher priced \$79) is full of black and white shots. If you don't mind paying extra for lack of color then this second volume will appeal to you. The written part of this book is outstanding - lots of details on the cars, drivers, etc. I just was expecting another 100% color book like the first volume especially given the higher price.

great photos
