The Language Of Soul

Synopsis

A remedy for this modern age of complexity, *The Language of Soul* demystifies the spiritual path by reducing it to its essential element: Soul exists because God loves It. You don't have a Soul, Harold Klemp emphasizes, "You are Soul." Refreshingly simple, *The Language of Soul* springs from a deep understanding of our relationship with the Eternal. Each thought is a window through which we glimpse the elemental truth of our being. Let the words wash over you, spilling into your heart and lifting your spirit. For those interested in the inner journey, *The Language of Soul* will deepen your path and draw you closer to the goal of all seeking. For the language of Soul is the language of truth. It is who we are. --This text refers to the Paperback edition.

Easy to use, thought provoking nuggets of wisdom to contemplate that keeps us in our Higher Self

Sustaining words to live by are on every page of this compact little book of life. It includes brief passages relating to harmony, truth, health, daily life, creativity, self-discipline, love, relationships, family, spiritual growth, enlightenment, and solving problems. One of the many encouraging passages in this book is: - "When you ask for help, Spirit begins to bring changes that are for your good. Of course, this means you must be extra careful in the choices you make. Before Spirit can make any changes, you must develop a better image of yourself. You are Soul. God's love is for you." Simplistic and beautiful. Vibrant phrases which resonate within - - and inspire us to remember our unique individual spiritual connection with God.

This is a great book. It shares timeless quotes with simple, yet profound spiritual insights. Starting with the insight that "You don't have a Soul "You are Soul." The truth and profound implications of this viewpoint have helped me greatly. It's immensely obvious but yet you don't hear anyone else sharing this viewpoint. Certainly it's a key to living a more meaningful spiritual life. This viewpoint is evident in each and every quote in this book. I especially loved the quote, "As Soul you are like a balloon that rises above the ground. The higher you go, the farther you can see. And the farther you can see, the better you can plan your life." This is a great book that I highly recommend to other spiritual seekers. It is well written, timely, and clears up the mystery of how to look at all life differently when viewing it from our true selves as Soul. My world and way of viewing it has been improved from reading this precious jewel. This book is a rare treat.

This book is wonderful. The wisdom that is in the book is comforting to me. It helps me through some very difficult periods in my life. Anyone that is looking for common sense spirituality, will find it in this book as well as other books by Sri. Harold Klemp.

This author always amazes me with a new, deeper insight about spirit and "how life works." He seems to know the inner journey to God in an easy way (not that it's always an easy ride). And he tells it with no fanfare. Just the low-key take on truth--as I see it.

There are truths within this book, but the lies far outweigh the truth. The Mahanta (Harold Klemp) is also known as the "Word" and "Lord of Hosts". He sits at the right hand of SUGMAD (not God). Actually, the God of all religions (except those of heart and emotion; 2nd Plane God) is a 4th Plane God. The Mahanta, of Eckankar, exists on at least the 14th Plane (Heaven). It would be nice to know these little details when Klemp is spinning his web. The book sounds nice on the surface, but there is just soooooo much more that is left out of the recycled information in this book. Save your money. If you've read one book by this author you've basically read them all!
