Excellent book. Easy to understand and covers basics needed in the Rt dealing world

Excellent book, great examples and easy to read even if you are not a lawyer. I would say it is a must for every person involved in the arts and museums world.

An outstanding contribution to the legal literature on this very timely topic. The book is scholarly, well written and expertly researched. It could well become the classic work for legal scholars in the field.

A very accessible and yet thorough book covering the most salient topics in art law. A must read for law students, artists, and practitioners.
