Customer Reviews

Rainforest Publications specializes in the Wildlife and Natural History of Central and South America.

Sturdy, pocket size, laminated field guide to the birds of Peru. Easy to pack and take along with you.

Very limited number of birds. Not very useful as field guide.

Compact, pictorial guide to birds I might see on my travels in Peru. Lightweight and waterproof too. I'm a real beginner birder and carrying a bulky, heavy bird guide full of TMI for me can be a real drag.

Just as described & waterproof!

Birds birds birds

Very useful guide - hard to find when out in the rainforest!

Great mini guide that is waterproof & light weight. Easy to pack for a trip.

This guide is absolutely useless if you are at all interested in identifying birds. Many of the important species are omitted. Don't waste your money!
